Specification

Specification	Details
Series	IND F1000 SERIES
Product Type	High-efficiency flap barrier turnstile
Lane Type	Single Lane
Lane Width	550 mm
Lane Height	1020 mm
Barrier Type	Retractable PC flap
Motor	DC brushless
Speed	<1 s per movement
Chassis	Cold-rolled SPCC steel
Chassis Colour	White
IR Sensors	5 pairs
Weight (Net)	50 kg
Dimensions	1200 x 734 x 1020 mm
Power Supply	110/220 VAC, 50-60 Hz
Power Rating	10VA (Standby) / 40VA (Operation)
Logic Voltage	24V DC
Ingress Rating	IPX4
Operating Temperature	-20°C to 70°C
Operating Humidity	20-85% RH
Noise Level	<60 dB
Security	Anti-tailgate / intrusion
Emergency	Auto-unlock on power off
Flow (RFID/QR)	30 / min
Flow (Facial)	15 / min
Environment	Indoor / Outdoor
Certifications	CE, FCC
