

INDIAN INFOTECH | FLAME-PROOF LOCKING

FLP 600LBS Feedback Lock

ENGINEERED FOR SECURE ACCESS.

A 600LBS feedback lock solution with dual-voltage operation, magnetic door-status contact, low current consumption, and anti-residual kick-off protection for demanding access-control environments.

**FLP 600LBS****INDIAN INFOTECH PRODUCT SOLUTION**

600LBS FEEDBACK LOCK

Reliable components for professional access-control installations.

PRODUCT OVERVIEW

A 600LBS feedback lock solution with dual-voltage operation, magnetic door-status contact, low current consumption, and anti-residual kick-off protection for demanding access-control environments.

DUAL VOLTAGE

Supports 12V or 24V DC operation.

LOW CONSUMPTION

Designed for low current consumption.

KICK-OFF PROTECTION

Anti-residual kick-off rubber.

TECHNICAL SPECIFICATIONS

VOLTAGE INPUT	12/24V DC
VOLTAGE TOLERANCE	15%
CURRENT DRAW	480mA at 12VDC; 240mA at 24VDC
MAGNETIC CONTACT	Door status, NO type
HOLDING FORCE	600LBS (272KGS)
OPERATING TEMPERATURE	0-55C
SURFACE TREATMENT	Blue zinc plating / nickel chrome plating
WARRANTY	2 years
DIMENSION	275L x 63W x 42
HOUSING	LM-6 aluminium housing
