

INDIAN STC-100

STACKER CRANE ACCESS CONTROL

ENGINEERED FOR SECURE ACCESS.

A compact control box for secure stacker-crane access, with flexible voltage support, programmable power control and configurable relay outputs.

STC-100 CONTROL BOX

INDIAN INFOTECH PRODUCT SOLUTION

12VDC / 24VDC • NO / NC RELAY

Reliable components for professional access-control installations.

PRODUCT OVERVIEW

A compact control box for secure stacker-crane access, with flexible voltage support, programmable power control and configurable relay outputs.

DUAL VOLTAGE

Accepts both 12VDC and 24VDC input.

PROGRAMMABLE CONTROL

Power control triggered by access inputs.

EASY INTEGRATION

Works with access-control devices.

TECHNICAL SPECIFICATIONS

MODE	Stacker crane access
INPUT VOLTAGE	12VDC and 24VDC
PROGRAMMING	Power control through access trigger inputs
INTEGRATION	Access-control devices
RELAY OUTPUT	NO and NC options
APPLICATION	Secure stacker-crane access
